Honorable Commissioner of Patents and Trademarks  
Washington, D.C. 20231

RENEWED PETITION UNDER 37 CFR § 1.47(a)

Responsive to the PCT Legal Division's (hereinafter the Office) September 18, 2002 dismissal of the applicants' PETITION UNDER 37 CFR § 1.47(a) filed May 9, 2002, the applicants renew their Petition as follows. The time for response is extended for three (3) months with this response by enclosure of the appropriate fee.

RECEIVED MAIL ROOM 00000100 09265760

09/26/02

930.00 02

### **BACKGROUND**

On February 6, 2002, the USPTO issued a NOTIFICATION OF MISSING REQUIREMENTS UNDER 35 USC § 371, giving the applicants notice that the Oath or Declaration of the inventors MUST be furnished. On May 9, 2002 the applicants filed with the USPTO a Transmittal of Missing Parts under Certificate of Mailing, which Transmittal included:

**Transmittal of Missing Parts, and accompanying fee of \$130,  
Copy of Notice to File Missing Parts,  
Declaration and Power of Attorney,  
Petition under 37 CFR § 1.47, with accompanying evidence,  
Petition for two (2) month Extension, with accompanying \$400.00 fee.**

The date and contents of the filing are not in dispute.

### **R E M A R K S**

The applicants acknowledge the September 18, 2002 Office communication. The Office acknowledges the applicants' PETITION, including the Declaration and Power signed by one (1) of two (2) inventors. The Declaration and Power are understood to be defective in that they do not have the signature of the inventor Jean-Pierre GIRAUD (hereinafter non-signing inventor). This is the subject of the previous and the instant Petition.

In dismissing the applicants' Petition of record, the Office finds fault with the applicants' "factual proof that the missing inventors refuse to join in the application or cannot be reached after diligent effort." The Office solicits a further declaratory statement that the non-signing inventor refuses to sign, translation of the evidence (already of record) that the non-signing inventor's

signature was solicited, and statements above those required by MPEP § 409.03(d) "extending beyond postal mail" directed to the non-signing inventor.

With this response, the applicants submit a further Petition describing "facts which are relied on to establish that a diligent effort was made..." to contact the non-signing inventor and obtain his signature. This Petition is signed "by a person having firsthand knowledge of the facts recited therein." In spite of the statutory language suggesting that "it is important that the affidavit or declaration contain statements of fact as opposed to conclusions", the applicants also comply with the Office's additional requirement that the declarant conclude that the non-signing/non-responsive inventor "refuses to sign."

Finally, the applicants are asked to provide a translation of the evidence already of record. With this response, the applicants do provide Certified translations of the evidence already of record, as well as additional evidence which has become available during the course of the prosecution of the instant application. The applicants provide the following detailed catalog of the evidence of diligent efforts expended in an attempt to obtain the signature of the non-signing inventor. These include:

**Registered Letter from the applicant, DOLISOS Laboratoires, to the non-signing inventor soliciting his signature on the Declaration and Power of Attorney dated January 30, 2002, with French Postal Receipt, such receipt acknowledged by signature of the non-signing inventor on February 1, 2002.**

**Follow-up Letter from the applicant, DOLISOS Laboratoires, to the non-signing inventor soliciting his signature on the Declaration and Power of Attorney dated February 21, 2002, with French Postal Receipt indicating that the non-signing inventor refused to claim the Letter on February 27, 2002.**

**Follow-up Letter from the applicant, DOLISOS Laboratoires, to the non-signing inventor soliciting his signature on the Declaration and Power of Attorney dated November 5, 2002, with French Postal Receipt, such receipt acknowledged by signature of the non-signing inventor on November 8, 2002.**

**Follow-up Letter from the applicant, DOLISOS Laboratoires, to the former employer of non-signing inventor (AIRSEC - Groupe CHEMIE) soliciting information and assistance regarding the non-signing inventor.**

**Response from AIRSEC - Groupe CHEMIE to the applicant, DOLISOS Laboratoires, explaining that the non-signing inventor's former employer has had no contact with the non-signing inventor and explaining that they have not been able to make contact with the non-signing inventor, dated November 18, 2002.**

\* \* \* \* \*

Thus, as per the Office request, the applicants have provided a Petition by "a person having firsthand knowledge of the facts recited therein", that "a diligent effort was made..." to contact the non-signing inventor and obtain his signature, and that the inventor, when contacted, consistently refuses to sign the Declaration and Power of Attorney. In addition, the applicants have provided Certified translations of the evidence already of record, as well as additional evidence which has become available during the course of the prosecution of the instant application. It is submitted that the applicants have fulfilled, at least, the statutory requirement under 37 CFR § 1.47(a).

Accordingly, reconsideration and withdrawal of the dismissal of the Petition under 37 CFR § 1.47(a), and commencement of the examination of the instant application are all hereby respectfully solicited. It should be apparent that the undersigned attorney has made an earnest effort to comply with more than the statutory requirement. If he can be of assistance to the Office in the elimination

of any possibly-outstanding insignificant impediment to immediate examination, the Office is respectfully invited to call him at his below-listed number for such purpose.

Respectfully submitted,  
THE FIRM OF HUESCHEN AND SAGE

Enclosures: Petition under 37 CFR § 1.47(a),

Certified Translation of evidence that applicant made a diligent effort to obtain the signature of the non-signing inventor,

Fee for three (3) month extension in the form of our check no. 71422 for \$930.00, and

Return Postal Card Receipt.

**DECLARATION**

**Applicants : Jean-Pierre GIRAUD and Roger NOBILET**

**Serial Number : 09/869,768**

**Filed : June 27,2001**

**Title : DIPENSER OF OBJECTS**

**Honorable commissioner of patents and trademarks**

**Washington , DC 20231**

**PETITION UNDER 37 CFR § 1.47**

M. Jean CALVO, a citizen of France, domiciled in 45, place Abel Gance 92100 BOULOGNE and having its offices 1, Avenue d'Albi 81100 CASTRES do hereby state and declare that :

I am responsible for gathering all documents necessary for the international filling of all applications from Laboratoires DOLISOS.

In this quality, I forwarded to the inventors of the above Title mentioned, Jean-Pierre GIRAUD and Roger NOBILET, the declaration required for application in the United States to sign it.

Despite a follow-up letter sent to Jean-Pierre GIRAUD, he did not return the declaration to us.

You will find attached :

- letter of January 30<sup>th</sup> 2002 to Jean-Pierre GIRAUD together with the receipt signed by Jean-Pierre GIRAUD.
- letter of February 21<sup>st</sup> 2002 to Jean-Pierre GIRAUD together with the receipt. This letter was never taken out by Jean-Pierre GIRAUD

In addition to our correspondence described above, we have sent two additional correspondence to both the non-signing inventor and his former place of employment. Our letter to the non-signing inventor was received; however, we have not received the signed Declaration in two months. With regard to our correspondence to the non-signing inventor's former employer, we are advised that the employer has completely lost touch with the non-signing inventor.

Thus, I can say with confidence that not only have we contacted the non-signing inventor directly to obtain his signature, but also that we have contacted those with whom he was associated. In each and every instance, the non-signing inventor has not signed the Declaration. Under these circumstances, and after more than a year of attempts, I can only conclude that the non-signing inventor refuses to sign the Declaration."

Nevertheless, to fulfil the requirements for the instant petition, we supply the last known address of the signing inventor, which is :

Jean-Pierre GIRAUD  
7, rue de la Nativité  
75012 PARIS

France

I further declare that all statements made herein of my own knowledge are true and that all statements made on information and belief are believed to be true; and further that theses statements were made with the knowledge that wilful false statements and like so made are punishable by fine or imprisonment or both, under section 1001 of Title or the United States Code and that such wilful false statements pay jeopardize the validity of the application or any patent issued thereon.

BY CHRONOPOST

Re: DOLISOS/AIRSEC

Sir,

I am writing to you again regarding the AIRSEC matter.

The reason is that, as you know, we filed the patent for a "TUBE FOR DISPENSING SMALL PILLS" in the USA.

This application (a copy of which is enclosed) normally has to be signed in the USA by the inventor or inventors, in this case Mr GIRAUD and Mr NOBILET.

As I told you at the time, we have not been able to get Mr GIRAUD to sign the transfer document despite sending numerous letters.

We have therefore had to file a specific request demonstrating that Mr GIRAUD has effectively refused to sign this document.

We have just been informed that the evidence provided is insufficient according to the enclosed copy of the reply from the Patent Office.

As a result, we must gather other evidence to demonstrate whether other contact was made with Mr GIRAUD, for example by telephone.

HOMEOPATHIE

Dolisos

If so, it would be helpful to obtain a certificate from those people concerned.

Could you therefore please:

- let us know of any contact with Mr GIRAUD by his employer or his colleagues,
- try to send this document to Mr GIRAUD for signing yourself.

We look forward to hearing from you.

Yours faithfully,

[signature]

Elodie MONTAGNE

Castres, 5 novembre 2002

PAR CHRONOPOST

Objet : DOLISOS / AIRSEC

Monsieur,

Je me permets de revenir vers vous concernant le dossier AIRSEC.

En effet, comme vous la savez, nous avons déposé le brevet « TUBE DISTRIBUTEUR DE GRANULES » aux USA.

Cette demande de dépôt (dont une copie figure ci-joint) doit normalement être signée aux USA par le ou les inventeurs, en l'occurrence M. GIRAUD et M. NOBILET.

Comme je vous l'avais indiqué en son temps, nous n'avons pas pu obtenir la signature de M. GIRAUD sur le document de cession malgré nos divers courriers.

Nous avons donc du déposer une requête spécifique démontrant que M. GIRAUD avait effectivement refusé de signer ce document.

Pierre Fabre

Siège administratif : Parc de la Plaine - 6, rue Brindejont des Moulinais - B.P. 5839, 31505 Toulouse Cedex 5 - Tél. : 33 (0)5 62 47 77 00 - Fax : 33 (0)5 62 47 27 07

Unités de Production :

La Tonnarderie, 41400 Montrichard - Tél. : 33 (0)2 54 71 24 24 - Fax : 33 (0)2 54 32 18 11

Le Payrat, 46000 Cahors - Tél. : 33 (0)5 65 23 57 01 - Fax : 33 (0)5 65 22 67 87

Filières : Belgique, Canada, Espagne, États-Unis, Italie, Pologne, Suisse

Siège Social : 45, place Abel-Gance - 92654 Boulogne Cedex - Tél. : 33 (0)1 49 10 80 00

Société anonyme à directoire et conseil de surveillance du capital de 10 648 300,88 € - Siren : 572 073 484 RCS Nanterre

Nous venons d'être informés que les preuves fournies ne sont pas suffisantes, selon copie ci-jointe de la réponse du Patent office.

Nous devons donc en conséquence recueillir d'autres témoignages afin de démontrer si d'autres contacts ont été pris avec M. GIRAUD notamment par téléphone.

Dans l'affirmative, il serait intéressant d'obtenir une attestation des personnes concernées.

Nous vous remercions en conséquence de bien vouloir :

- nous indiquer les contacts éventuels pris avec M. GIRAUD par son employeur ou ses collègues
- tenter, à votre tour, de transmettre ce document à M. GIRAUD pour signature.

Dans cette attente, je vous prie d'agréer, Monsieur, mes sincères salutations.

  
Elodie MONTAGNE

**A l'attention de Madame Elodie MONTAGNE**

Madame,

Suite à votre courrier du 5 Novembre 2002, nous vous informons que nous n'avons plus aucun contact, de quelques manières que ce soit, avec Monsieur GIRAUD , et qu'il nous est impossible de le joindre .

Nous vous souhaitons bonne réception de la présente, et restons à votre entière disposition pour tout renseignement complémentaire .

Nous vous prions d'agréer, Messieurs, l'expression de nos salutations distinguées .

J.de PREMARE
